

Teddy Bear Oxbow

Everyday is a Vacation!

Everyday is a Vacation Day in a Teddy Bear Pool!

Teddy Bear Pools aboveground steel swimming pools have been manufactured in the USA since 1961. All of our pools are made in a state-of-the-art, 160,000 square foot facility in Long Island, New York.

The frame and wall of every one of our pools are made in the USA. You're not just buying a pool pieced together from parts made throughout the world, as many other companies do. You're buying an American made pool from a group that has been perfecting the art of pool design for over 50 years.

TEDDY BEAR POOLS & SPAS

Teddy Bear Oxbow
