TEDDY BEAR POOLS & SPAS

Job Description & Duties

Our Aboveground Pool Division is seeking *entry-level and experienced* Pool Installers and Service Technicians. While we do prefer having a background in construction, we do offer on-site training for entry-level positions. Pool installers are responsible for the building of Aboveground pools and setting up the corresponding equipment. Service technicians repair aboveground pools and troubleshoot equipment. These positions require high physical fitness and heavy lifting abilities. To be successful in this position it is important to be organized, have strong attention to detail, be able to work well on a team, and have strong customer service abilities.

Offering competitive wages, health insurance and 401K.

Basic Duties & Tasks

- Preparing construction sites, materials, and tools
- Loading and unloading of materials, tools, and equipment
- Digging, lifting, and other labor-intensive tasks
- Removing debris and trash from sites
- Troubleshooting and identifying issues with pool equipment
- Building a new pool from start to finish
- Explain basic pool operation to customers and/or direct them to correct personnel

Requirements

- Must be 18 years or older
- Must have valid Driver's License & clean driving record
- Must be able to pass Drug Screening pre-employment requirements
- Good Physical condition and stamina
- Ability to safely lift heavy materials
- **Good work ethic & perfect attendance!!**
- Must be able to lift, dig, crawl, stoop, squat, carry a load
- Must be able to follow instructions and safety guidelines
- Ability to work well with others, and customers

Scheduling

- Monday through Friday starting at 7:00am (Occasional Saturdays)
